

The Niagara Region Model Flying Club Inc.

Float Fly Event Rules

Revised: March 12, 2023.

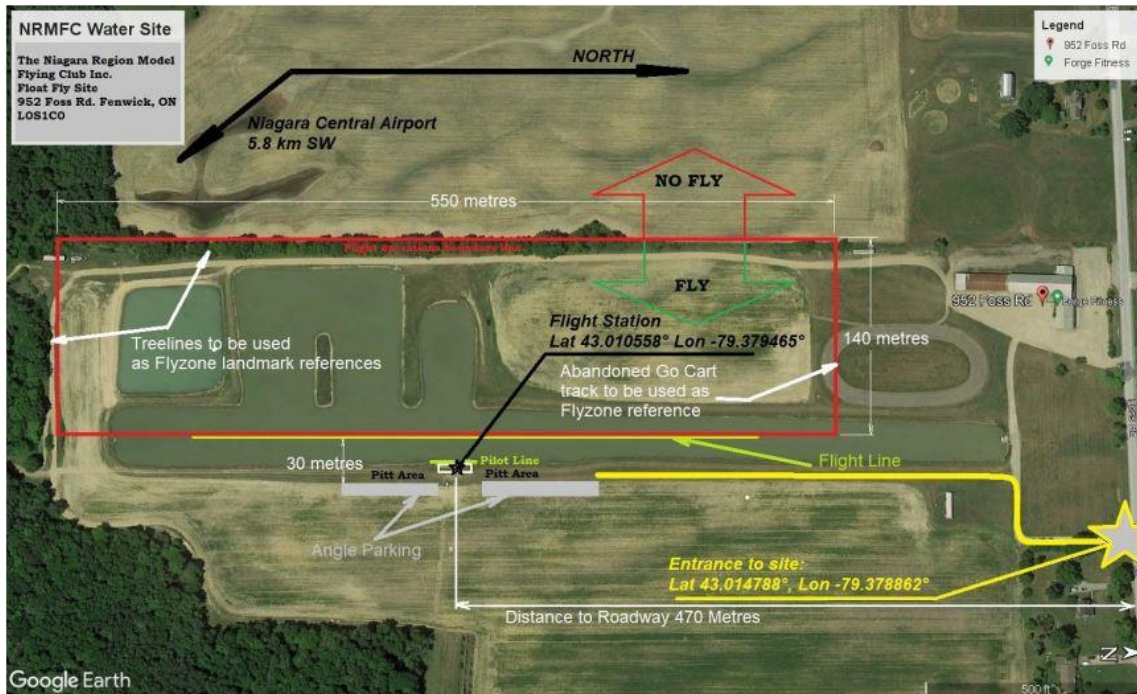

1. The NRMFC Float fly site is only available during pre-planned club events. No other flying shall take place at the location without prior arrangement and property owner permission, obtained through the NRMFC contacts.
2. Radio control (RPAS) flying only is permitted.
3. All members and guests shall ensure the club and MAAC safety codes are followed.
4. All event participants shall have proof M.A.A.C. memberships and a minimum CARS part 9 Basic License available when flying at NRMFC sites. **Members will be solely, and completely responsible with regard to C.A.R.S licensing maintenance and documentation, NRMFC accepts no liability, or responsibility.**
5. Mufflers shall be installed on all internal combustion engines over 0.052 cu. in.
6. NRMFC no longer supports the use of older base stations, members shall use 2.4 Ghz or newer radios systems.
7. No members shall taxi an RPAS aircraft in the pit area, or pits side of the "Pilot" line. Aircraft shall remain physically in control and/or restrained in these areas at all times.
8. All members shall operate their RPAS within registered Fly/No Fly zones only. See diagram:
